

Registration user guide

To get registration to our event, we use the website “Hello Asso” which is unfortunately in French only.

In order to facilitate your registration, here are few screenshots of the registration process which will help you to click on the right place and avoid any mistake while going through it.

The process will go through 4 steps:

- First, selection of the number of places you wish to register;
- Then name and other information about the participant(s) and options offered aside from the main tournament;
- Then contact details;
- And finally, payment.

The screenshot shows a registration page for the "Main ESC/WOSC tournament". The price is 40 €. There are navigation tabs: "Choix des billets", "Participants", "Coordonnées", and "Récapitulatif". A callout box points to the quantity selector (minus, 1, plus) with the text: "Select here the number of players you are willing to register." Below the price, there is a question: "Souhaitez-vous ajouter un don à Association Shogi d'Alsace en plus de votre inscription ?" with radio button options: "Pas de don" (selected), "5 €", "10 €", "20 €", and "Montant de votre choix". A second callout box points to the "Pas de don" option with the text: "You may decide to give us more money as donation for the event but you may let this at 0 by keeping the default option." At the bottom right, it says "Montant des billets : 40 €".
